CLERK: Nothing...just a second, Mr. PRESIDENT, we have another motion on LB646 from Senator Snyder. Read amendment.

PRESIDENT: Chair recognizes Senator Snyder.

SENATOR SNYDER: Mr. President, members of the legislature, the motion on 646 is to return it to strike the Carpenter amendment adopted last Thursday the amendment as you may recall allows as I understand it the Douglas County board to establish salaries at any point in time that it would like to. I think that the body is aware of the fact that I had a bill introduced this year that lowered the Douglas County Board salaries back to \$12,000 from the \$15,000 that they voted themselves. I don't know why this bill was used, I realize that it is there and that it is up for an amendment if somebody would like to, but I think that when there is a bill introduced for that purpose we should wait until it is taken care of. It has not been reported out of committee. I have several pieces of correspondence here including the Attorney Generals opinions etc. My bill seeks to take away the privilege of the county board of setting their own salaries because I don't believe that the county board has acted judiciously at all in handling its own salary schedules.
